

Brothers and Sisters:

The Oregon General Election is on November 7, 2022, and there are candidates and issues around the State that are important to the Union and each of our families & livelihoods. The Union will never tell you how to vote, however the individuals outlined below are those who we know will work with us each day to protect high wage & benefit standards, robust safety and training requirements, and equitable working conditions for each of us. *We haven't endorsed in every race!*

Oregon leads the nation with our safe vote by mail system. **Ballots should be mailed out within the next two weeks.** We hope this list of candidates and issues the Union supports is helpful as you make your decisions.

Elections are critically important. The issues and candidates we put in office impact the lives of each of us, the livelihoods of our families, and the strength of our Union. Exercising our collective voice and power in elections is critical to our future, and a key strength of the Union and each of our members.

No matter how you choose to vote, it is important that we all cast our ballots and make sure our voices are heard by November 7th!

In Solidarity,
